

"Oita Aru-tokku" We will participate in the 2nd workplace competition in 2021!

Our company, aiming to be an excellent health company, will participate in a workplace competition using the Oita Prefecture-sponsored health app "Oita Aru-tokku".

We have been working on this project since last year as part of our efforts to maintain the health of our employees, and 21 employees will participate this time.

With the help of the app, employees can enjoy walking and missions without any difficulty, and it helps developing communications in the workplace.

The period is two months, from October 1 to November 30. We will try our best to win the "Tobi Prize"!
