

June 2026

32nd Anniversary Announcement and Expression of Gratitude

On June 6th of this year, Tomishiro Products Co., Ltd. will officially mark the 32nd anniversary of its founding. We are fully aware that this milestone would not have been possible without the longstanding encouragement and patronage of our customers and partners over the years. We extend our deepest and most heartfelt appreciation to everyone who has supported us.

Reflecting upon the past year, it was once again a period during which we felt the profound weight of your immense support. In recent years, as the keeping of reptiles has become increasingly widespread and diverse, the demand for high-quality feed has also evolved in a more sophisticated and multifaceted manner. Amid heightened awareness regarding quality assurance and safety, alongside changing husbandry styles, we recognize that the social responsibilities and expectations placed upon our company are greater than ever before.

In response to these shifting times, while deeply honoring the experience and expertise we have cultivated, we remain committed to embracing innovative perspectives. We will continue to dedicate our utmost efforts to delivering products and services that not only meet but exceed your expectations.

To ensure that we remain a source of unwavering assurance and trust, every member of our company is resolved to strive with renewed dedication. We humbly request your continued guidance, encouragement, and invaluable support in the years to come.

Tomishiro Products Co., Ltd.
