

Received "Health Management Business Office" certification in fiscal 2023.

Following last year, we have been certified as a "Health Management Office"(\*1)  
This is the sixth consecutive year since 2018.

Aiming to promote health management, Oita Prefecture certifies business offices  
that meet all five certification criteria as "Health Management Office".

This year, 708 business offices cleared the five criteria and received the award.

We are actively conducting health checkups for our employees and participating in  
the Oita Arutok.

We will continue to implement company-wide initiatives to help employees improve  
their health.

\*1 Certification as a "Health Management Business Office." Oita Prefecture and the  
Oita Branch of the Japan Health Insurance Association (Kyokai Kenpo) cooperate in  
the "Health Management Business Office" certification system for all business offices  
in Oita Prefecture.
